

Registering Your Motorbike

All motorbikes that are used on campus **must be registered**.

Illegally parked motorbikes and motorbikes without registration will be **clamped or impounded** (moved to temporary storage).

Read the following guidelines for registration and follow the correct procedures and rules.

How to Register Your Motorbike

Step 1

Go to “Bicycle, Motorbike Registration” on the “Web System for S&F”

Select “Web System for S&F” through the Tokyo Tech Portal (<http://portal.titech.ac.jp/>)

Select “Registration” from the menu. The website provides detailed step-by-step information for registering your motorbike. Be sure to read through the site carefully.

Step 2

Bring your **vehicle inspection certificate, **registration certificate** (certifying acquisition of your license plate), and **light vehicle registration certificate** to one of the offices below any time after next day following completion of web registration.**

Excludes Saturdays, Sundays, public holidays, summer holidays, and New Year’s holiday

Basic Guidelines

- Affix your registration sticker visibly on your motorbike.**
Motorbikes without a registration sticker will be clamped or impounded.
Owners of motorbikes that have been impounded may be charged a removal fee.
- Park your motorbike in the designated parking areas only.**
Clamping, impounding and de-registration of motorbikes parked outside the designated parking areas will be strictly enforced.
Any motorbike owner found to be in violation of campus traffic rules (not complying with street safety or parking rules) will have his/her motorbike clamped or impounded, and his/her motorbike will be de-registered.
- Your motorbike registration will be valid until the end of March each year.**
Remember to re-register your motorbike if you wish to continue using it the following year.
- Do not use the Institute's parking areas as your own personal garage.**
Motorbikes found to have been left in the parking areas for two days or longer will be clamped or impounded.
- Do not put a cover over your motorbike while parking it on campus as this will hinder registration checks.**
- Do not abandon motorbikes that are no longer needed on or around campus, especially after graduating.**
Should a motorbike be found to have been abandoned on or around campus, the owner will be identified and may be charged clamping, removal and/or disposal fees.
- Other**
Persons responsible for damaging campus property with motorbikes will be charged for repairs.
Only one motorbike per person can be registered.
For more information on using motorbikes, see the General Safety Management Section homepage.
